1 TEAM BUILDING

“ONE TEAM, ONE SOUND” (OTOS)

INTRODUCTION

Team Building can have many purposes and objectives. The common general purposes for having team buildings is to:-

- *Build team rapport*
- *Strengthen existing team*
- *Build high performance team*
- *Aligning Projects Teams (Project team Intervention)*
- *Developing Interdependency in team*

In a corporate team building setting, after the general purpose for having the team building has been established, tangible and intangible learning objectives or desired learning outcome are identified either through a training/learning needs analysis (TNA/LNA) or alternatively from feedbacks from our clients.

OBJECTIVE

To foster stronger relationship and cohesiveness in teams.

To identify the 5 components of a winning team

To improve team communication effectiveness.

To learn and internalize corporate values.

To ignite the spirit of achievement to achieve performance excellence.

TRANSFORM TO BE LEADER (TRANSLead)

2

INTRODUCTION

All organizations face enormous changes and uncertainties. They have to learn to cope with these pressures if they want to survive and prosper. The key ingredient for leading organizations towards success and prosperity is leadership. However, the traditional approaches to leadership have become insufficient and less effective to survive, prosper and thrive on new opportunities, one needs to acquire advanced leadership strategies so as to stay ahead of competitors and carve a niche for becoming “FIRST IN CLASS” or “BEST IN CLASS”.

OBJECTIVE

- Learn the key concepts of positive reinforcement.
- Develop change management strategies.
- Acquire empowerment techniques for getting best results from people.
- Appreciate the importance of acquiring advanced leadership strategies.
- Understand the need for setting personal and organizational vision and the strategies for achieving them.

3

SELF MANAGEMENT SKILLS (SMS) PROGRAM

INTRODUCTION

In any organization, the most important asset is its human resources. Once the interest of this asset is overlooked intentionally or unintentionally, the whole organization will suffer the consequences of having inefficient, ineffective and demotivated workforce. Hence this programme is tailored towards gearing the workforce to be able to self-manage themselves thus putting them into 'auto-mode' i.e. know exactly what, when, where, why, who and how to do things due to the sense of responsibility that is instilled in them during the programme.

OBJECTIVE

- To understand what is meant by self-management and how best to revamp one's life and get back on track.
- To provide a clear perspective of what was, is and will be in life.
- To give awareness of what matters in life and making life worth living.
- To ensure optimum practicality in self-management is achieved and sustained.
- To understand and overcome the common pitfalls in self mismanagement.

TOP 5 CRITICAL SUCCESS FACTOR

4

INTRODUCTION

Everyone wants to be successful in life. That's a fact. However, only the right blend of ingredients can bring about the success that one craving for. The course is tailored towards discussing and elaborating these critical factors

OBJECTIVE

- To understand the 5 basic critical success factors required by supervisors
- To be aware of areas of skills which require constant enhancement.
- To provide a clear perspective of why continuous improvement is essential and how to achieve it.
- To understand and overcome the common problems faced by supervisors.
- To learn new skills and use them efficiently and effectively at their work place.

5 THE SECRETERIAL SKILLS DEVELOPMENT PROGRAM

INTRODUCTION

Secretaries are very important people in organization because they are the linking pin between the boss and the other level of management and outsiders. In short, they are the one-stop-centre for their bosses. They are the ones who plan, organize, advise and control the bosses' schedule and general movements. Hence they need to be effective and efficient in their job. This course is tailored towards preparing them with such knowledge and skills in gearing them to take on future challenges more adeptly and confidently.

OBJECTIVE

-  To learn new skills and use them effectively and efficiently
-  To ensure optimum practicality in secretarial skills is achieved, developed and sustained.
-  To ensure optimum practicality in management is achieved and sustained
-  To provide a clear perspective of why continuous improvement in managing oneself is essential and how to achieve it.
-  To understand and overcome the common pitfalls in selfmanagement.
-  To understand what is meant by secretarial skills and how best to develop them towards the betterment of the organization as a whole.

COMMUNICATION ENGLISH (CE@W) @WORK

6

INTRODUCTION

This course has been designed for employees working in public or private sectors in both technical and non-technical lines who wish to enhance their written and spoken communication skills at their respective workplace. The organization's specific language challenges will be determined through a needs assessment and a custom-tailored programme is then created to meet the organization's objectives.

OBJECTIVE

-  To understand why English is important in everyday life.
-  To be aware that English is a tool and an essential skill which require enhancement.
-  To develop basic understanding in interpersonal, communication, writing and other office skills related to English.
-  To inculcate an English atmosphere and create positive commitments towards understanding other people's weaknesses and appreciating their strengths.
-  To provide a clear perspective of why Continuous And Never Ending Improvement in English is essential and how to achieve it.
-  To be empowered both personally as well as professionally

THE ART OF PRESENTATION

INTRODUCTION

Training and presentation efforts aims at enhancing the knowledge, skills and attitude of the targeted audience. To achieve these objectives the trainer and presenter must acquire creative training and presentation techniques. No matter what type of training task you face, you can't hope to carry it out unless you understand these techniques. The Art of Presentation is to help all full time and part time trainers to learn and practice the creative training and presentation techniques and apply it for the betterment of the trainees, themselves and their organizations.

OBJECTIVE

To understand the basics of a great presentation.

To be aware that presentation skill is a tool and an essential skill which requires enhancement.

To provide a clear perspective of why Continuous And Never Ending Improvement in presentation is essential and how to achieve it.

To develop basic delivery skills in terms of usage of pictures, audio visual aids, songs, demonstrations and other related materials deemed important in making successful presentations.

To inculcate a conducive atmosphere and create positive commitments towards understanding other peoples weaknesses and appreciating their strengths when delivering presentations.

To be empowered both personally as well as professionally.

ACQUIRING EXCELLENT TELEPHONE TECHNIQUE

INTRODUCTION

Telephone is one of the most important instruments to projects a good image of your organization. Whoever answers the phone or makes a call represents the organization at that time. In many times an effective telephone management by whosoever attending or making use of telephone will result in good impression, increased business, satisfied customers and repeat business. The "Effective Telephone Skills" training programme will enable participants to achieve proper and effective telephone manners and skills which are critical factors for the success of any company

OBJECTIVE

Appreciate the importance's of telephone skills for the success of business

Get organized by asking proper questions and taking correct notes

Provide information and receive and end call positively

Learn techniques to effectively handle incoming and out going calls

Enhance the company's image and outlook

The background features abstract geometric shapes in dark blue and light blue. The dark blue shapes are sharp, angular, and layered, creating a sense of depth. The light blue shapes are more fluid, with soft, wavy edges, and are also layered. The overall composition is modern and minimalist.
